Marilyn Neufeld Award 2022 Winner

Hutton House is pleased to announce the 2022 winner of the Marilyn Neufeld Lifelong Learning Award – Sara Albers. The award is given each year to a Hutton House participant who has demonstrated a passion or commitment to lifelong learning by actively pursuing their goals through personal improvement and/or professional development.

Sara has been involved in a wide variety of Hutton House programs. Sara has been a long time participant in the Hutton House Employment Program, participating in her journey of meaningful employment since graduating high school seven years ago. Sara obtained two jobs and has grown as a key employee

cont on next page

in her two roles at McDonalds and Goodlife Fitness. During the start of the pandemic Sara was “laid off” from her employment positions and reached out to Hutton House seeking a volunteer opportunity. Sara began assisting our partner The Nathan T. Deslippe Fund in the Nathan’s Urban Farm program shortly thereafter to assist members of our community who were most at risk of food insecurity to receive fresh healthy food. Sara, without any previous experience, began learning to care for and operate 12 Hydroponic Tower Gardens. Sara has since been hired by Hutton House as an Urban Agriculture Assistant (that would make this her third job as she continues to work at McDonalds and Goodlife now) and continues to care for the Nathan’s Urban Farm project, train new staff and facilitate classes for Hutton House participants. In addition every day, Sara on her own accord sends a picture of our Cavendish Farm to show us it is safe and sound as we build the project, something not asked of her but a task Sara is dedicated to. Sara is an example of a lifelong learner, a champion and a role model to all, her dedication, thoughtfulness and passion to succeed have inspired so many people during the pandemic.

Sara has taken many courses in the ARTworks and Fitness programs ranging from Circuit Training, Pottery, and Ladies’ Club to Microwave Baking and Make a Zine. Sara volunteered one summer at Storybook Gardens where she was very friendly and always very happy to be volunteering. Sara has been a member of the Book Club in person and is now participating online. Sarah also completed the budgeting course offered through Adult Education.

Sara has used her time at Hutton House to develop her skills in every way through ongoing learning in Adult Education, Fitness and Employment. Sara’s journey of self-improvement is inspiring for all.

Annual General Meeting

Hutton House held its AGM online on Wednesday June 15 2022. Board and staff members gathered to celebrate another year including Board and staff years of service awards. Thank you to Claudia Bayona for her past 3 years as President of the Board. She has had 2 very interesting years to navigate due to the pandemic but successfully guided the Board during this unprecedented and challenging time. We also thank Jon Lavkulich, Tilda King and Bryan Smits for their 5 years of service and Nelson Rodrigues for 3 years of service. Over the last year the Board has continued to ensure that Hutton House provides high quality and meaningful services to our community.

Participant Advisory Committee

We are excited to announce the launch of our new Hutton House Participant Advisory Committee. This new committee is made up of participants who are interested in advocating for themselves and their peers. Committee members will have the opportunity to provide feedback about our various Hutton House services and programs, as well as discuss current issues happening in the greater London community.

Welcome

Hutton House Welcomes New Staff

Welcome to Abi Reid who has joined our Goals, Preparation and Skills (GPS) team in Employment Services. She is assisting with wrap around supports in our youth program. Abi is very familiar with Hutton House as she was a volunteer, placement student and had 3 previous paid contracts. She also steps in to supply for the TVDSB Gateway program at Cherryhill Mall when needed. She brings with her a Master of Science in Health and Rehabilitation Sciences in the Occupational Science stream which is going to be valuable in her role in GPS. Abi herself prefers to be engaged in meaningful employment, so she understands where participants are coming from with their employment goals. She loves facilitating anything educational and excited to help out in any areas of the program.

is also passionate about disability rights and inclusion and has experience working with individuals with disabilities in both recreational and employment settings. She loves musicals, Harry Potter and bad jokes so if anyone wants to discuss any of those things, she is your gal. So far she states she is really enjoying her time at Hutton House as everyone has been extremely supportive and welcoming.

Suzanna has joined our Employment Support team and will be offering additional supports to get participants ready for employment and stay connected with them and assist to maintain their job. She completed her BSW from King's University College and has extensive knowledge and understanding of building strong and trusting relationships with participants and how to provide the best service to them. She will be an asset to the team to help participants develop strategies while providing wrap around supports. Her energy and eagerness to help out in anyway is so beneficial to the team. Welcome Suzanna!

Yes, we added another Emily to our Employment Team! She has a background in multimedia content creation which led her to an internship with Hutton House's Marketing department. Having enjoyed her experience and admiring the Hutton House mission, she found her place as part of the Employment

Services team where she can assist with marketing the program as well as marketing peoples' skills for employment. She is a creative thinker and problem solver who enjoys the opportunity to use her skills to create positive impacts in her community.

Lindsay Rath started at Hutton House on June 13th, 2022 as our Passport Team Lead and as an Intake Specialist. She has experience working with people with disabilities in multiple sectors including health care, employment, and social services. In her spare time, Lindsay loves to make art, read, play video games, and spend

time with her friends and family. Welcome Lindsay to Hutton House!

Megan Boon is a new Employment Specialist at Hutton House. As a recent graduate of the King's BSW program she brings various social work skills of empathetic listening, problem solving and communication. She also strives to prioritize the autonomy and self-determination of participants as they transition into the workplace. She

Volunteer Services

2022 Ontario Volunteer Service Award Recipients

The Ontario Volunteer Service Awards recognize individual volunteers for continuous years of commitment and dedicated service to an organization. Annually, award recipients across the province are presented with trillium pins and personalized certificates in recognition of their service. The Ontario Volunteer Service Awards ceremony for 2022 recipients will be taking place this Fall.

We would like to express our gratitude to the following Hutton House 2022 Ontario Volunteer Service Award recipients for their years of dedicated service in support of our programs and participants:

David Morrison, Board of Directors / Foundation Board,
Consecutive Years: 40

Sue Barnes, Board of Directors / Foundation Board,
Consecutive Years: 20

Mike Goertz, Fitness Centre, Consecutive Years: 5

Tilda King, Board of Directors, Consecutive Years: 5

Alex Haynes, Adult Education, Youth Category
(24 and under), Consecutive Years: 2

Our Thanks and Congratulations to All!

National Volunteer Week
April 24-30, 2022

This year's theme for National Volunteer Week was, "Volunteering is Empathy In Action". We explored the theme by creating a video of our volunteers sharing their thoughts on volunteering with us, and how empathy is reflected in their volunteer experiences.

It was gratifying to hear our volunteers give many positive, powerful and heart-warming responses when they were asked to describe what it feels like to volunteer for Hutton House!

Check out our Volunteer Video: Empathy in Action!

Two of our online fitness volunteers, Mike and Sanjana, were also featured in a story for the LAVA E-Zine, published annually during National Volunteer Week, along with volunteer stories from many other fine organizations in our community!

Check out Sanjana & Mike's Volunteer Story on page 8: "Fitness With Feeling!"

To thank them for their support, active volunteers received a Hutton House t-shirt and pottery coupon for our booth at the Western Fair Market.

We also offered a free "Keepin' Calm When Overwhelmed" guided breath workshop for our volunteers with Mel Dodge, of OMhale Wellness & Coaching.

Volunteer Profiles

To recognize and celebrate our volunteers throughout National Volunteer Week on our social media, we highlighted profiles of volunteers that have used their strengths and skills in new ways to help others over the past year.

Volunteers reflected on such questions as how empathy plays a part in volunteering, the impact volunteering has had on them personally, giving three words to describe their volunteer experience with Hutton House, and their thoughts on the value and meaning of the experience to themselves and participants they were working with. Here are a few...

Helen had just started volunteering at the Learning Centre reception desk in March of 2020 when the pandemic forced the closure of our locations and on-site programs. We're grateful that Helen stayed in touch via email, and the opportunity to volunteer in a new way came up in 2021! Helen prepared a slideshow for an online adult education "Languages" class, about Vietnam, the culture, the food, the language and how to say some words in Vietnamese. She also created a slideshow about the Songkran New Year's Water Festival in Thailand for the "Celebrations Around the World" program. It has been wonderful that volunteers can contribute and tap into their own interests, languages and culture as online program assistants!

Helen states, "The volunteer experience is a valuable opportunity that helps me deeply understand the desire to explore the world of our students and the endeavor of Hutton House to connect their students with new cultures by various means that may help the student approach their dreams. I am proud to have played a small part in what our Learning Centre has done for the students. Volunteer experience also helped me, a newcomer, easily integrate into a new life in a new hometown."

Helen recently resumed volunteering as a screener at the Learning Centre and we're glad to have her back and see her in-person again!

Carolina began volunteering as an adult education tutor in early 2020, and says, "I'm so thankful for the opportunity to be part of the Hutton House community. My first day was amazing!" Unfortunately, the pandemic halted her in-person experience, but Carolina has kept her connection and adapted. When opportunities came up to contribute to our adult education program content, Carolina was thrilled to jump in! She researched and prepared six lessons filled with information and video links, to show the relationship between people and animals, with a specific focus on their emotions and communications for the "People & Other Animals" program. For the "Languages" program, Carolina created a slideshow about Colombia, the culture and language, and included some videos of herself speaking words in Spanish to assist participants with pronunciation.

"My experience has been awesome! Even online", says Carolina. "Every time that I had the opportunity to help, and join a class, it's been very satisfying to see the participant's happy faces."

Carolina is now looking forward to volunteering for our upcoming "Walk, Run & Roll" event in Greenway Park!

We have your next great employee!

Contact Kim Neable via
phone 519-472-6381 ext. 1114
or email Kim@huttonhouse.com

It will be great to see our volunteers in-person again at our events in the community and as more programs resume at our locations.

Volunteer Opportunities

The 26th Hutton House Golf Classic at West Haven will be taking place on Monday, September 12th. This event is a great opportunity to get involved in support of our programs and participants! To join our tournament volunteer team email: roberta@huttonhouse.com

Our Thanks for Forty Years of Service

This Fall, David Morrison will be recognized by the Province, with an Ontario Volunteer Service Award for the remarkable achievement of 40 years of service in support of Hutton House!

David Morrison is

part of the history of Hutton House, and has significantly contributed to the growth and development of the organization. David

served on the Board of Directors from Nov 1983 to June 15, 2005, and has served on the Foundation Board from 2003, to date.

Some highlights of his tenure are: leadership during the capital campaign to raise funds for the construction of our main building on Wonderland. In 1985, under the leadership of President Tom Burdett, board member David Morrison and Executive Director Marilyn Neufeld, the front half of the property was sold and construction of a 15,000 square foot building began. For the first time in our history, the Association conducted a major capital building drive, raising 1.1 million dollars with Colonel Tom Lawson as Honourary Chairperson. The staff and participants moved to temporary quarters in a local

warehouse donated by Sifton Properties for the summer until the building was ready for occupancy on August 26, 1986.

And, as a founding member of the Foundation Board, which has, and continues to contribute greatly to the sustainability and future growth of Hutton House. On March 28, 2000 the Hutton House Foundation was established to build for the future.

David's devotion and dedication to Hutton House's mission throughout the years is truly rare, valued and commendable. We salute David Morrison for his outstanding years of service!

LIFeworks 2, 3 & 4

LIFeworks has been busy travelling across Canada each month to learn about the beautiful provinces and territories, their capital cities, and the cultures within Canada.

Now that the sun is shining, we have dusted off the BBQ for burgers and hot dogs while enjoying the outdoors with some carnival-like games. We have also soaked up the sun by going for nature walks.

Participants have been hard at work in the kitchen making strawberry rhubarb jam, with rhubarb freshly picked from Ben's home garden.

We can't wait for the tie dye, science experiments, and summer fun to come!

Adult Education

Partnership in Action: TVDSB (Thames Valley District School Board) and Hutton House.

Many of our folks take part in more than one activity through Hutton House.

Valentina has been taking dance classes with Hutton House and literacy classes through the TVDSB (with the classroom at the Hutton House Learning Centre). One dance class was especially fun for her, and she chose to write about it in her literacy class. Here is what she had to say and pictures she drew to show us what happened.

Mouse Dancing by Valentina

Last week in the Zoom dance class, my teacher Lindsey and I dressed up as Disney. My teacher put on Mickey Mouse ears, and I put on Minnie Mouse ears. We did a great duet. We danced and enjoyed ourselves. It was a fun class.

The Celebration of Learning

The Celebration of Learning was held online this year. There was so much to celebrate! Instead of celebrating with handshakes and cake, we celebrated with waves over Zoom and prizes for a few lucky participants. Learners worked so hard this year and learned many new skills and facts. Volunteers were thanked for their work in Adult Education including new virtual roles. Family and support workers were also acknowledged for their continuous behind-the-scenes help with technology and scheduling.

As a group, we played some online games and cheered when our friends won a prize. Instructors had a chance to chat with each learner and find out what they enjoyed about their classes. Every learner who participated in tutoring or a group class over the past year will receive

a certificate in the mail. Learners who attended the celebration will also get a special photo of themselves.

Celebration of Learning

Access Voluntarism

We are very proud of our Access Voluntarism participant Dennis for receiving an Ontario Service Award for volunteering at St Joseph's Hospice. Dennis has been a loyal volunteer there for over 10 years!

Every week he gives his time to this wonderful organization.

His happy and friendly personality bring a smile to all the people he meets while he helps to clean and tidy.

We are happy to say that our volunteers we will be returning to Storybook Gardens this summer!

After being away for two years due to the pandemic, our participants are eager to help keep the park clean for all of the visitors.

Marilyn Neufeld Award

Nominees 2022

This year Hutton House staff nominated 8 participants for the Marilyn Neufeld Award that is awarded annually to any Hutton House participant within the last 3 years who has demonstrated a passion or commitment to lifelong learning by actively pursuing their goals through personal improvement and/or professional development. The following are some excerpts from the nomination forms. The winner this year was Sara Albers – see her story on the cover.

Adele Crozier

Adele has been in the Adult Education program for 4 years, and she has taken many Fitness and ARTworks courses over the past 3 years. Before the pandemic, Adele participated in the Learning Club. For the past two years, she has been working on math, money, reading, and writing skills in one-to-one virtual tutoring. She has also participated in many of the Adult Education's virtual group classes covering a variety of topics. Adele is a very positive person whose smile and laugh is contagious. She is serious about her education programs and is an excellent learner. Adele enjoys and participates in a wide variety of activities. In her free time, she does a lot of art (painting in acrylic and water colour), stitching, and card making. She loves to dance and stretch. She is passionate about music and musicals and likes to sing along. Eating healthy and making good food choices is important to her. She likes cooking her food and learning new recipes with her mom. She has swum with the Special Olympics and the Canadian Down Syndrome swim team and received awards for her swimming. She is very well rounded with interests in the arts, athletics, education, and health. With her positive attitude, hard-work, and many interests, she will continue to grow and learn new skills.

Martha Coca

Martha started at Day Break in January 2019 and attends three days a week. She has taken part in Jazzercise and a fitness program in the Hutton House gym. When Martha was living in Nicaragua, she was forced to drop out of school due to bullying and discrimination. Hutton House, through the Day Break program, has provided Martha with a way for her to continue her education. Martha is determined to learn to communicate effectively in English. She desires to be heard and understood. She is also interested in improving her math and craft skills and about living a healthy life style. Martha considers Day Break her school because she is involved in English classes, math, crafts, yoga and other exercises. She also

has a desire to learn how to use technology, in particular an iPad. Martha has demonstrated her love for learning by coming to Day Break eager to get to work. She constantly tells staff how happy she is to be an active member of Day Break. All the participants and staff respond to Martha because of her kindness and for her smile, which fills everyone around her with joy.

Elizabeth Borshell

Elizabeth joined Hutton House in the Summer of 2021 becoming involved with our Back On Track Program. While in the program, she identified that she loved serving others and had an interest in well-being, and would love to gain experience as a Pharmacy Assistant, as this was a program that she was interested in taking at Fanshawe. Elizabeth ended up applying for and being accepted at Fanshawe, and applying with Hutton House assistance to Coulter's Pharmacy despite no prior experience in the field and was ultimately hired for her Back On Track placement. Elizabeth recognized her goal of pivoting to and training in a completely new field, but also realized that she would benefit from supports. Elizabeth succeeded in the Back On Track workshops, and won an employer over earning a placement in a field she had no experience in during her very first interview. Elizabeth made sustained and successful efforts every single day - putting her best foot forward, making a positive impression and opening as many doors as she could; all important lessons she absorbed during Back on Track workshops and executed in a manner that exceeded the expectations of BOT staff. Elizabeth has a passion for self-improvement and trying new experiences, and is very confident in stepping outside of her comfort zone to use her natural abilities and to try something new in applying them.

Jackson Cousins

Jackson attends classes in the ARTworks, Fitness and Adult Education programs. He does 1 on 1 virtual tutoring with Valerie in the Adult Education program. Jackson is a Hutton House Volunteer who leads an online ARTworks class, Introduction to American Sign Language. Jackson has also been known to offer assistance with facilitating a cool down after exercise class. Jackson has a passion for learning and is self-motivated. He taught himself American Sign Language through watching YouTube videos and is now sharing that skill through facilitating an online ARTworks class. Jackson is patient, pays attention to detail, and is very knowledgeable. He has displayed an impressive amount of determination and excellence. Each week Jackson prepares lesson plans for American Sign Language which include songs and signs based on everyday topics such as holidays, food, family etc. His easy-going approach helps the participants in

the class achieve success. He has created bonds with each participant in the class and shows a caring attitude towards their individual needs when learning new signs. He displays drive and motivation through continually challenging himself to improve his signing skills. The participants in the class recognize the talent, dedication and skill Jackson shows in his approach to teaching. Jackson appears to really enjoy interacting with his peers and he is proving himself to be a positive and supportive leader. Jackson is highly self-motivated and driven. He showed determination through setting a goal of learning ASL and sourcing out a method to develop this skill independently. Learning any skill online can be challenging, and Jackson excelled at the goal he set for himself. He is a natural leader as evidenced by his patient, encouraging approach when helping to facilitate the ASL class.

Logan Malpage

Logan is a young man and single father to a little girl. Logan has been an active participant in the Employment Support Program. He came to Hutton House in 2020. Logan successfully completed the GPS Program. Logan has demonstrated tenacity, perseverance and determination in spite of some of his personal difficulties. He has continued to remain positive and optimistic towards his future. He juggles school, work and fatherhood and is hopeful to create a better future for his daughter and himself. Logan has been an active participant in his job search, as well as continuing his education while obtaining employment. He has learned and mastered new roles at work, all while furthering his education. He achieved his high school equivalency in 2021, as well as started a new job. After the GPS program, Logan continued his education. Logan secured a position in the field of his choice.

Nikolle Regunton

Nikolle came to Hutton House in search of employment supports, and was a very successful candidate with the GPS program in May 2021. Nikolle showed a lot of personal growth in the workshops and had her placement at On-the-Move Organics, where she was hired on after her placement and still works there today. Her plan is to continue working there while attending school if she can. Nikolle is a lifelong learner because despite the challenges life has thrown her way, and she has to continue learning new ways to overcome them. Nikolle came to Canada from the Philippines and went to Fanshawe for a medical administration diploma. Nikolle struggled with finding a job so she reached out for employment supports. During the workshops Nikolle was a very eager learner, whether it was interview preparation, mindfulness at work or a budgeting workshop. The GPS team saw Nikolle apply

what she learned in the program at her placement, which was such a great success. Nikolle is truly a lifelong learner as she is working now but has also been accepted to the Medical Sciences program Year 1 at Western University. She is very ambitious with her education and has a lot of goals she is working towards. All of this employment success has meant a lot for Nikolle: financial security, the ability to move into an apartment on her own, apply to further education in the medical field (her career of choice) and self-confidence in her own abilities.

Starr Murphy

Starr came to Hutton House seeking help in finding employment immediately in 2001. Starr was working 2 part time jobs and was getting minimal hours due to the pandemic and really wanted one full time job. Shortly after her intake, a position came forward at London Hospital Linen Services for which she was interviewed and then a day later was called and was hired. Starr's journey as a lifelong learner includes: completing a reflection journal of gratitude, Starr discussed wanting to grow skills and wants a hobby outside of work and is going to look into eyebrow and eyelash courses. Starr also is going to look into some podcasts and books around self-help, negative thinking patterns and general wellbeing. Starr also got accepted in Health and Fitness program at Fanshawe College and will be starting in September. With Starr working full time, this opportunity has allowed her to make new friends, she bought a car and has strengthened her future financially, socially and put her in a good place moving forward.

It was certainly a challenge this year for the Marilyn Neufeld Award Committee made up of Board members to decide who should receive the award this year. They appreciated learning about each candidate and admired their dedication to lifelong learning and self-improvement. Congratulations to all the nominees. You show us all how important it is to be lifelong learners.

Hutton House Customer Service Commitment

Our most important customer is YOU.
In a safe, supportive and respectful environment
We will work together
With open and honest communication
to enable you to discover
and achieve your goals.

Day Break

It was a slow start but spring is finally here.

Day Break has enjoyed all the nice weather. The participants have been getting outside enjoying the exercise and fresh air. Day Break has also been going to the many parks around our area.

Day Break has been busy creating a wall for themes for each month. April was the Spring/Easter wall. The

participants helped to make the crafts that went on the wall. May was May Showers Bring Spring Flowers. Also May 16 th was International Day of Living Together in Peace and the participants decorated a wall to represent

what peace meant to them. For June the wall is decorated for Pride month. Participants have been excited to help plan and create the themes for the wall decorating. Who knows what July's theme will be?

In May the participants were busy creating gifts for their mothers or an important person in their life to let them know they are important. The craft was sand art on a candle and a canvas with a heart on it. The participants took pride in their creations. Participants decided for Father's Day to make aprons to use when BBQing or just cooking. Participants wanted to let their fathers or an important person in their life know how thankful they are for all that they do.

Day Break is excited to see what activities may happen this summer.

Employment Services

The Goals, Preparation, and Skills (GPS) employment program has helped 90 of 120 youth work towards their employment goals over the last 25 months. The program has 5 more groups remaining and will be looking to enroll 6 job seekers per group. If you are a youth (15-29) looking to work 24 hours per week, complete the GPS application to get started.

The GPS program is excited to say that they have been able to run in-person programs including grocery shopping and interview wear shopping trips. A great perk of the program is that participants get paid over the 3 weeks they spend in workshops. The current workshop offerings allow participants to join virtually or in-person. Participants have been enjoying the opportunity to meet face to face and make new friendships and connections.

On Thursday June 9, the current GPS group got a chance to tour Hutton House's PATCH project with Jordan as their guide. Jordan did a great job of making everyone feel welcomed. Participants enjoyed planting tomatoes, herbs, and hot peppers in the raised beds. To conclude the morning, Jordan did a mindfulness activity in which participants got to reflect on the environment around them and the activities from the morning. This activity is one of the many examples of the various workshops being used to promote wellness and community engagement in the GPS program.

The GPS program is very excited to welcome Abi Reid to the team. Abi will be focusing on providing facilitation, job coaching, and wrap around supports. Another addition to the team is Courtney. Courtney is a current Social Service Worker student completing her placement with Hutton House. Courtney has been working closely with Abi in developing new partnerships to provide wrap around supports for participants. Both Abi's and Courtney's presence in the program has had a big impact on the level of supports participants are able to receive. Hutton House would like to give a big thank you to Scott and Emily B for their continued commitment to the GPS program. Their efforts is a big reason for the continued success we've seen in the program over the past 2 years, especially during the height of the pandemic. Finally, the program leader Emily O has passed the torch to Mallic while she is off on parental leave. GPS and her Hutton House family wishes her all the best during her leave.

Fitness & Wellness

HUTTON HOUSE FITNESS CENTRE - HOLIDAY DELIGHTS COOKING CLASS

NO BAKE BERRY CHEESECAKE

YIELDS 12
SERVINGS

INGREDIENTS

18 GRAHAM CRACKERS WHOLE OR VANILLA WAFER COOKIES
1/2 CUP BUTTER 1 STICK, MELTED
8 OZ CREAM CHEESE BROUGHT TO ROOM TEMPERATURE
1 CUP HEAVY CREAM
1 CUP POWDERED SUGAR
1 TEASPOON VANILLA EXTRACT
1 1/2 CUPS BERRY PIE FILLING

INSTRUCTIONS

1. CRUSH GRAHAM CRACKERS IN A FOOD PROCESSOR OR BLENDER UNTIL YOU HAVE A FINE CRUMB.
2. POUR MELTED BUTTER INTO PROCESSOR AND PULSE UNTIL INCORPORATED WITH GRAHAM CRACKER CRUMBS.
3. PRESS CRUMB MIXTURE INTO THE BOTTOM AND UP THE SIDES OF A SPRINGFORM PAN, MAKING SURE IT'S FIRMLY PACKED.
4. REFRIGERATE CRUST WHILE YOU PREPARE THE REST OF THE CHEESECAKE. THIS WILL CHILL THE BUTTER AND HELP FIRM UP THE CRUST.
5. COMBINE CREAM CHEESE, CREAM, POWDERED SUGAR AND VANILLA IN A BOWL.
6. BEAT WITH A MIXER UNTIL COMPLETELY CREAMY AND MIXTURE IS STIFF.
7. POUR CREAM CHEESE MIXTURE INTO CRUST AND SPREAD UNTIL EVEN.
8. REFRIGERATE AT LEAST TWO HOURS.
9. TOP WITH BLUEBERRY PIE FILLING.

Social Worker Services

Can I Help You?

Our Social Worker can provide individual counselling to help with personal issues and in locating community resources. Support is also available to complete forms for various services including ODSP, housing, CPP and assistive devices.

For more information, contact:

Lisa Havens, MSW, RSW at 519-472-6381 ext. 1240

lisah@huttonhouse.com

ARTworks

We are keeping participants busy and engaged with online and in person classes in the ARTworks program. Online Karaoke classes are always popular, and we have enthusiastic BINGO players in other online classes.

In Spring into Art we explore creative ways to paint a collage using unique materials and learning to add unique twists to each spring themed project.

More fun is happening in the ARTworks Pottery programs, with participants happy being together and keeping our hands in the mud. This spring session our participants have enjoyed a fresh new look to our studio - the room and shelving freshly painted, along with a newly installed floor. Bright and clean, and a joy to work in. Always a great time here in the studio using clay as a means of creativity and expression.

In the in person For the Love of Music class we learn about the different genres of music, and we are working on sharing thoughts in our Storytelling and Creative Writing class.

Need help to find a job?

We support individuals with:

- Physical, Developmental, Learning Disabilities and Mental Health needs
- Limited Education and/or Work Experience

We Get It! We Can Help!
